

Madison County Master Gardener Association

Web Site Photograph & Article Permission Slip

Dear Members of the Madison County Master Gardener Association,

Have you seen our website lately? There are many wonderful, interesting, and fun photographs and I need your permission to display them. I am continually updating the site and will be adding new photos from time to time.

I understand that in today's world we all want to protect our privacy, so I feel it is best not to put members' names, addresses, etc. on photos that picture you on the website. If you have done or will do an article or story it is nice to have the writer's name, and photographer's names on the photo contest winning photos, but if you are not comfortable with that I need to know.

Please read the choices below, check all that apply, and bring this form to the next meeting or mail to me:

Ann Fisher  
7977 W County Rd 700 N  
Middletown, IN 47356

I appreciate you taking the time to do this and look forward to keeping our website updated with exciting new articles and photos.

Thank you,  
Ann Fisher  
Webmaster
